Reference - Troy DAVIDSON

This is to confirm that Troy Davidson was employed as Head Chef aboard the motoryacht Oasis from 05 June 2007 until 27 February 2008.

Oasis is a 59.4 metre Lürssen built motoryacht delivered in 2006. The vessel operates both privately and as a charter vessel.

Troy is an outstanding Head Chef, capable of the finest cuisine. He has great diversity from French and Italian to Japanese, Thai, Fusion and Sushi. He is also experienced with American styles of cuisine as well as Kosher.

The food Troy prepared was always very well presented and tasty. His day starts early with baking pastries and various breads and ends late. He is extremely hard working, works quickly and is completely unflappable. The guests can change their minds as often as they like and Troy will not even raise an eyebrow. The stewardesses loved working with him for his professionalism and friendly demeanour. He makes everyone look good and the guests always praised his food. Troy has a very good sense of humour and was very popular with all the crew.

Cleanliness and hygiene were always important to Troy. Work surfaces and fridges/freezers were always spotless.

Troy leaves the Oasis to move on, and will be missed by owners and crew alike. I take this opportunity, on behalf of us all, to wish him the very best for the future.

Signed,

Adrian O'Neill
